By Noel Ritter

The Golden Plains High School Scholar's Bowl placed third with a 7-2 record at the Rawlins County Invitational on October 17. They won against Cheylin, Goodland, Quinter, Atwood, St. Francis, Wallace Co., and Colby. "It went pretty well for our first meet of the season," said Angel Sanchez.

The Bulldogs two losses were to Oberlin who won first place and then Norton, which placed second. Golden Plains and Norton had the same record of 7-2, but the Bulldogs lost against Norton, which pushed them into third place.

The Atwood round went to seven tiebreaker questions before Nick Brown finally answered a science question correctly for the win. "It was a really intense round!" said Charlotte McCurdy. "It felt good to place in our first meet. We tested the water for future meets this season." "I'm really proud of how well we did in this meet," added Devin Carter, captain. "We will work hard to improve as we strive to place first."
