

Forensics Team Travels To Norton
By Mack Keller

On February 2, the Golden Plains Forensics team participated in the meet in Norton. Rojelio Loya and Danica Ritter each participated in the Prose category with Ritter coming very close to placing in finals.

Chucky Hernandez participated in the Impromptu category. “He didn’t place as well as he would like,” Coach Robynn Wessel said. “However, he did improve greatly by the third round.”

The only participant to reach the finals was Mack Keller, who participated in the Informative category in which he placed 6th with his piece about Asperger’s Syndrome. Their next meet was at Trego on Saturday 9.
