

Bulldogs Qualify in Oakley
By Judy Rogers

The Golden Plains Forensics Team had additional competitors qualify for State Forensics at their final regular season meet of the year in Oakley on April 4.

“I am so excited and proud of my forensics team!” said Coach Robynn Wessel. “Oakley's meet was a very large tournament with stiff competition. All my girls did great! Danica Ritter helped out the team by picking up a last-minute poetry piece as well as her polished prose piece. Morgan Wark and Lauren Patmon decided to give IDA a try, and Alisha Brantley did well with her poetry and prose pieces, but didn't make finals.”

“Amanda Cheney and Lauren Patmon both broke finals in prose, and Morgan made finals with her poetry,” continued Wessel. “We walked away with three new state qualifiers, Morgan goes to festivals with a 6th place, Lauren goes to State champs with a second place, and Amanda goes to State champs with a first place.”

These girls will join Malilah Green and Alisha Brantley as they perform at State Champs and State Festival in Salina on May 4. All five girls will be presenting pieces in Poetry or Prose with Green presenting in both events.
