

GP Boys Claim Second in Logan

By Hailee Spresser

The Golden Plains high school boys track team claimed their second place plaque at their second meet of the season at the 2014 Husky Invitational in Logan on April 21. Having the day off from school, the boys showed all their dedication at the track meet where Tristan Schwarz set a new school record in the discus. All of the men placed in at least one of their events for the day. Senior Grant Spresser said, "It was a good day for a track meet. I personally improved in all of my events, as did many other people on the team. The hard work we have been doing in practice is paying off."
