Before the second set start the team took a pep talk knowing that they had the support of the whole team for the players on court, the players on the bench, and the support of the fans in the crowd. The second set started with proud excitement energy, the team felt as one working to try to stop Greeley County. By the end of the second, the Bulldogs played much closer but still fell to the Jackrabbits 22-25.

"We started off slow in the beginning," said sophomore Anais Cepeda, "and then in the end we came together as a team, working together with energy." The team will look to better their record at Winona on October 3 as they play against Triplains/Brewster and Northern Valley.
