Dear Sheridan County High School Seniors--

The Sheridan County Conservation District wants to notify the school that the District is offering a scholarship in the amount of \$500.00. The scholarship funds will be for the college or technical school of the recipient's choice.

The scholarship is being offered to promote agriculture, wildlife, water quality, or soil and water conservation. This scholarship will be awarded to a high school senior currently living in Sheridan County.

The students should be planning a career in an agricultural or conservation related field. This is a broad field ranging from Ag business, wildlife, water and soil conservation, water quality, or many Ag related specialized fields.

Scholarship money will be available *after proof* of passing the first semester of college with a 2.5 GPA, and having enrolled in the next semester.

The enclosed application must be completed by the student. We will interview the top candidates.

If there are any questions concerning the scholarship or the related fields, please contact me at the Sheridan County Conservation District office.

Sincerely,

Dee Ann Schamberger

Dee Ann Schamberger
Sheridan Co. Conservation District Manager
